2010 Marina Youth Futsal League

SEASON RUNS APRIL 20th thru MAY 27TH

Smart start clinics were held on Tuesday April 20 and Thursday April 22 at Marina Indoor Stadium located in the Rocky Han Community Center. The

clinics focused on the basics: controlling the ball, passing, spacing, making accurate shots and other basic fundamentals.

"Our goal is to teach the players how to keep the ball inside the white lines", says Ron Powell, Youth and Adult Sports Leader for the City of Marina. Having players from the CSUMB men's and women soccer teams really helped, making the clinics successful. During league play CSUMB players will assume the duties of coaches and referees. League is for all area boys & girls grades K thru 3rd. All after school games will be played at the Rocky Han Community Center (211 Hillcrest

Ave.) on Tuesday's and Thursday's 3:30-5:00 pm. All participants will wear a soccer team jersey. We are currently taking sign-ups! Hurry league play started on

Tuesday April 27. Many thanks, to the CSUMB men and women soccer programs

CSUMB Sports Medicine

The California State University Monterey Bay Sports Medicine team is committed to the provision of the highest quality medical care for all members of the intercollegiate athletic teams in the most efficient manner possible. This mission includes administering to the health and welfare needs of the student-athletes on a daily basis, seeking solutions to the student-athletes' medically related problems and measuring their readiness for athletic participation. The California State University Monterey Bay Sports Medicine team is committed to the enhancement of the healthcare and wellness of the intercollegiate athletes through the application of the latest philosophies of prevention strategies, evaluation, treatment and rehabilitation techniques for athletic injuries and illnesses.

The Department of Kinesiology in conjunction with the Department of Athletics is pleased to announce the introduction of a Sports Medicine Internship class beginning this Fall semester. The class will be listed under KIN 397 Independent Study - Sports Medicine Internship.

The Internship is designed to provide students that have a desire to enter a health care related field, such as Pre-Med, Physical Therapy, Athletic Training, and other fields, with the opportunity to learn in a practical "hands on" clinical setting, that will compliment the classroom academic educational components of their area of study.

This is an exciting opportunity for students to "learn by doing". Athletic Training is an

allied health profession that is responsible for the prevention, management, evaluation, treatment, and rehabilitation of athletic injuries. Additionally, the profession involves the education and counseling of athletes, parents and coaches regarding athletic injuries, together with the administration and organization of athletic medicine programs. The profession is recognized by the American Medical Association. BOC (Board of Certification, Inc.) certified athletic trainers are medical professionals who are experts in injury prevention, assessment, treatment and rehabilitation, particularly in the orthopedic and musculoskeletal disciplines. The certified athletic trainer is an integral part of athletic programs that are found at the high school, university, professional or club levels.

Auditions for 'Damn Yankees'

Auditions for a 2011 production of the musical comedy "Damn Yankees" will be held on Tuesday, May 4, and Wednesday, May 5, at 7:30 p.m. in the Music Hall at California State University, Monterey Bay.

Singers should prepare two songs, one from a musical, and are asked to bring their own accompaniment. Those auditioning will also be asked to read from the script.

"Damn Yankees" is a musical comedy by George Abbot and Douglas Wallop about a passionate baseball fan who sells his soul to the devil so that his favorite team, the Washington Senators, can beat the unstoppable New York Yankees and

win the pennant. The Devil, taking the form of a slick salesman, Mr. Applegate, convinces an aging baseball fan, Joe Hardy, to give his soul to become a young, handsome, supernaturally gifted baseball player named Joe Hardy who subsequently joins the Senators, the worst team in the league, and leads them to win game after game. Along the way, Joe Hardy from Hannibal, Mo., misses his wife, Meg, and longs to be with her despite Mr. Applegate's efforts to enthrall him with the charms of a devilish temptress named Lola. Joe Hardy, however, insisted on an escape clause when he made his pact with Mr. Applegate, and will try to exercise it before his time is up. Will Joe succeed or be-

come another lost soul in the collection of Mr. Applegate?

With a series of famous show tunes including "You Gotta Have Heart" and "Whatever Lola Wants, Lola Gets," Damn Yankees is solid entertainment from the first crack of the bat to the last slide into home plate.

This production will be staged next April 21, 22, and 23 on the CSUMB campus. Rehearsals will start in the fall. For more information, call 582-3005.

A campus map and driving directions are available at csumb.edu/map.
